**Automation** – PLC, HMI, VFD, Industrial Ethernet, IPC, Software, SCADA, remote I/O

**Controls** – Contactors, overloads, pilot devices, protection relays, starters/soft starters, safety relays, motors, DC power supplies

**Instrumentation** – Flow, Level, Pressure & Temperature Measurement. Positioners and weighing technologies.

Photoelectric sensors, Vision systems, wireless IO, Machine safety, industrial LED lighting

Proximity sensors, fieldbus products, industrial cordsets and connectors, intrinsically safe barriers, industrial Ethernet, remote IO

Terminal blocks, heavy duty connectors, PCB connectors, DC power supplies, relays, industrial ethernet, signal conditioners

Rittal: Industrial cabinets & enclosures, climate control, bus systems, data centers, custom configurations, commercial & industrial boxes.

EPLAN: Electrical design engineering software

WScad SUITE is the right tool for designing piping & instrumentation diagrams, fluid power or electrical schematics, cabinet engineering, building automation or electrical installation. It connects all the engineering data on one common platform. No data transfer or conversion, no quality loss, no hassle.

Relay and relay systems, timers

eWON: Industrial machine routers, remote connectivity solutions  
HMS: Industrial field bus conversion, remote networking solutions

Pneumatics, valve banks, air handling, cylinders, e-drives, custom solutions

3D Sensors and Scanners for precision 3D scanning, 3D inspection, 3D modeling and 3D surface metrology

**Instrumentation:** Signal conditioning, Transmitters, Isolators & Splitters, Limit Alarms, and Math Computation Modules

**Automation:** Analog and discrete I/O modules for Ethernet, Modbus, and Profibus

Neugart is your gearbox expert with staff specialized in the development, production and sale of planetary gearboxes for several decades. This experience pays off for our customers.

Electrical connectors, electronic connectors, device terminations, network components, cable harnesses

Incremental and absolute encoders for hollow shaft and heavy duty applications

Quick connect cables and connectors, signal distribution

Operator interfaces, panel meters, signal conversion, data logging, industrial ethernet, HMI

On October 1<sup>st</sup>, we have acquired Measurement & Controls Ltd. (MCL) and welcomed them into the family. MCL will represent our Process Instrumentation, Automation, Industrial Controls, & Motion (PAC) technical divisions in AB and SK. This makes E.B. Horsman & Son an authorized distributor of Siemens Factory Automation and Process Instruments in BC, AB, and SK!
