Banner Engineering is a Trusted Partner of E.B. Horsman

Banner Engineering, a globally recognized leader in the field of industrial automation, has been a trusted partner of E.B. Horsman & Son for over 35 years. As an innovator of photosensors, Banner has been very active in the Wood Processing, Food & Beverage, and Packaging Industries. Like EBH, Banner is also a privately held company that has business practices and a corporate culture that is aligned with ours, which makes doing business with them easy, enjoyable and successful. Not only does banner provide exceptional technical support, but also has agents and representatives who are passionate about their roles and contributions to the industrial automation field. Ask us how can Banner products fulfill you application needs.

Visit www.ebhorsman.com to learn more.
