It's been said that seeing is believing. But in this case, a Rittal Expo Vehicle (REV) is so much more. It hosts an eyeopening spectrum of Rittal products for you to explore.

From enclosures to the latest in climate control, power distribution, software and systems, and IT infrastructure, you'll discover that there's more than meets the eye when it comes to Rittal.

Once inside this mobile showroom, you'll experience Rittal quality and innovation firsthand by opening, closing, and examining what Rittal has to offer.
