

## Narrow slot wiring duct

A

# Designed to fit the spacing of high-density terminal blocks.

### Narrow slot wiring duct — PVC

- Higher number of smaller fingers for more concise harnessing
- Non-slip cover does not slide easily and resists vibration
- Rounded edges protect hands and wires
- V-shaped slot lead-in enables easier and faster wire installation
- Restricted slot design makes sure that wires are held with or without the cover inserted
- Cover attaches flush with sidewall for finished look
- Dual score lines are designed to yield clean breakoffs at the base of the slot and the duct
- Finger design restricts wire from slipping along the edge; creates two or three levels of wire service (see page B-6 for illustration)
- Integrated mounting holes — larger sizes include staggered holes for mounting flexibility (see page B-6 for illustration)
- Constructed of flame-retardant PVC
- Lead-free construction

For a complete listing of narrow slot dimensional details, see page B-6.

[ ] = space for colour identifier:

G = Grey

W = White

B = Black

I = Intrinsic blue

- Standard lengths are 6 feet.

+ Catalogue number must be completed by adding suffix G for grey, W for white, I for intrinsic blue, B for black.

Example: TYD75X15NPG6 is a 0.75" x 1.5" narrow slot grey duct.

To order duct without mounting holes, add suffix NM to catalogue number.

Example: TYD75X15NPG6NM is a 0.75" x 1.5" narrow slot grey duct with no mounting holes.

To order adhesive-backed duct, add suffix A to Catalogue Number.

Example: TYD75X15NPG6A is a 0.75" x 1.5" narrow slot grey duct with adhesive backing. Shelf life for adhesive is 1 year.

PVC vinyl duct is CSA certified, UL® Recognized and CE compliant.
